1. We the Women of Local Union 53 IBEW join forces for the common purpose of supporting our Local Union 53 and each other. We strive to educate and inform others of the benefits of being a Local Union IBEW member. Initiating community outreach, networking, and showing support for charitable causes to inspire solidarity and educate the uninformed of what it means to be IBEW.
2. We promote strong female leaders in our industries to provide a template for generations to come and as sisters in the IBEW we strive to be powerful allies to one another in addressing issues found on the job as well as to contribute training and support to one another.
3. We encourage our fellow sisters to find their voices, inspire and rise into leadership roles setting the standard for women within the workplace and our Local.
